Project Name	Fitbuddy AI Fitness Plan Genetor Gemini Modls
Maximum Marks	5 Marks

Problem-Solution Fit Canvas: Use the framework below to connect customer needs, pains, causes, behavior, limitations, existing solutions, and the proposed FitBuddy solution.

1. CUSTOMER SEGMENT(S) [CS] - Students and young adults seeking structured fitness guidance. - Beginners and intermediate users who want personalized plans. - Busy users who need short, practical routines.	6. CUSTOMER LIMITATIONS EG. BUDGET, DEVICES [CL] - Limited time and inconsistent schedules. - Basic smartphone/internet access. - Limited budget for personal trainers. - Equipment availability varies.	5. AVAILABLE SOLUTIONS PROS & CONS [AS] YouTube/videos, generic fitness apps, gym trainers. Pros: accessible, many exercise choices, easy to start. Cons: limited personalization, information overload, trainer cost, weak adaptation.
2. PROBLEMS / PAINS + ITS FREQUENCY [PR] - Difficulty choosing suitable exercises - frequent. - Generic plans do not match personal goals - frequent. - Hard to maintain consistency - frequent. - Users may not know how to adjust a routine - occasional.	9. PROBLEM ROOT / CAUSE [RC] - Lack of personalized fitness guidance. - Too much scattered information online. - Plans often ignore time, fitness level, and equipment. - Limited feedback and adaptive planning.	7. BEHAVIOR + ITS INTENSITY [BE] - Searches online for workouts - high. - Tries routines from videos/apps - medium to high. - Changes or abandons plans when results or motivation drop - high. - Seeks advice when unsure - medium.
3. TRIGGERS TO ACT [TR] - Desire to lose weight or build strength. - Starting a healthier lifestyle. - Upcoming event or personal fitness goal. - Frustration with current routine or lack of progress.	10. YOUR SOLUTION [SL] FitBuddy is an AI-powered fitness plan generator using Gemini models. It collects user goals, fitness level, time, preferences, and equipment, then generates a structured personalized plan. It can provide exercise guidance, daily routines, progress feedback, and updated recommendations.	8. CHANNELS OF BEHAVIOR [CH] ONLINE - Smartphone/web app - Search engines - Social media and fitness content OFFLINE - Gym/fitness center - Friends and trainers - Personal daily routines
4. EMOTIONS BEFORE / AFTER [EM] Before: confused, uncertain, unmotivated. After: confident, motivated, satisfied with a clear routine.
