## Data Flow Diagram

The DFD shows how user fitness information moves through FitBuddy, Gemini AI processing, personalized plan generation, and progress storage.

## DFD Symbol Legend

-  External Entity - person/system outside the main process
-  Process - transforms incoming data into outgoing data
-  Data Store - holds information for later use
-  Labeled arrow - movement of data

# FitBuddy - Data Flow Diagram (Level 0)

## Main Data Flows

1. User provides goals and fitness details.
2. FitBuddy sends the inputs to Gemini AI and receives a personalized plan.
3. The plan is stored, shown to the user, and progress data is saved for future updates.
